

# GREAT BEGINNINGS

“Sika offers exciting international challenges for students and graduates.”

Sika is a globally operating company with an innovative approach in the area of speciality chemicals and technical solutions for construction and industry. Sika sets high ethical standards for its services and promotes a working environment in which motivation and mutual respect can develop.

For our **Procurement Team in Zürich-Altstetten** we are looking for a

## MASTER THESIS STUDENT – GLOBAL PROCUREMENT

### Exciting Challenges

- In a fast-moving environment of global supply chains and increased sustainability requirements, it is essential for strategic procurement organizations to elaborate supplier collaboration and development methods.
- With your thesis you contribute to enhancing the assessment of vendor performance, collaboration procedures and tools. The research questions will be defined in coordination with the involved stakeholders.

### We Need Your Skills

- University Bachelor`s degree in Chemistry and Business Studies or related studies
- Analytical skills and high affinity to data management
- Capable of independent collaboration with other international functions/divisions through high proactiveness and flexibility
- Fluent in English

### Team - Timeline

- The teams you will join are taking care of different topics including sustainability, risk management, audits and data analysis in procurement. Take your chance to conduct your thesis research within Sika and open up possibilities for your future.
- Start between November 2022 and March 2023; Duration 9-12 months

### Building Trust Every Day

- The chance to bring new ideas, interesting areas for development, and taking responsibility early on are some of the key factors that drive Sika's pioneering spirit
- For a large company we have a surprisingly flat hierarchy with direct decision-making processes

Sika is a great employer - especially for people who are interested in communicating across cultures.
